

# The Wireless Presentation Solution - The Auditorium

(For large conference room with projector)

# Key Features

## Large&small Screen Interaction

Be easy and comfortable

## IQPodium

Free operate & annotate

## BYOD

Bring your own device

## 4-split Screen

Interact with four screens  
simultaneously

## Moderator Mode

Make Sharing Easy

## IQ SmartPen

Improve efficiency

# Large & small Screen Interaction

Be easy and comfortable

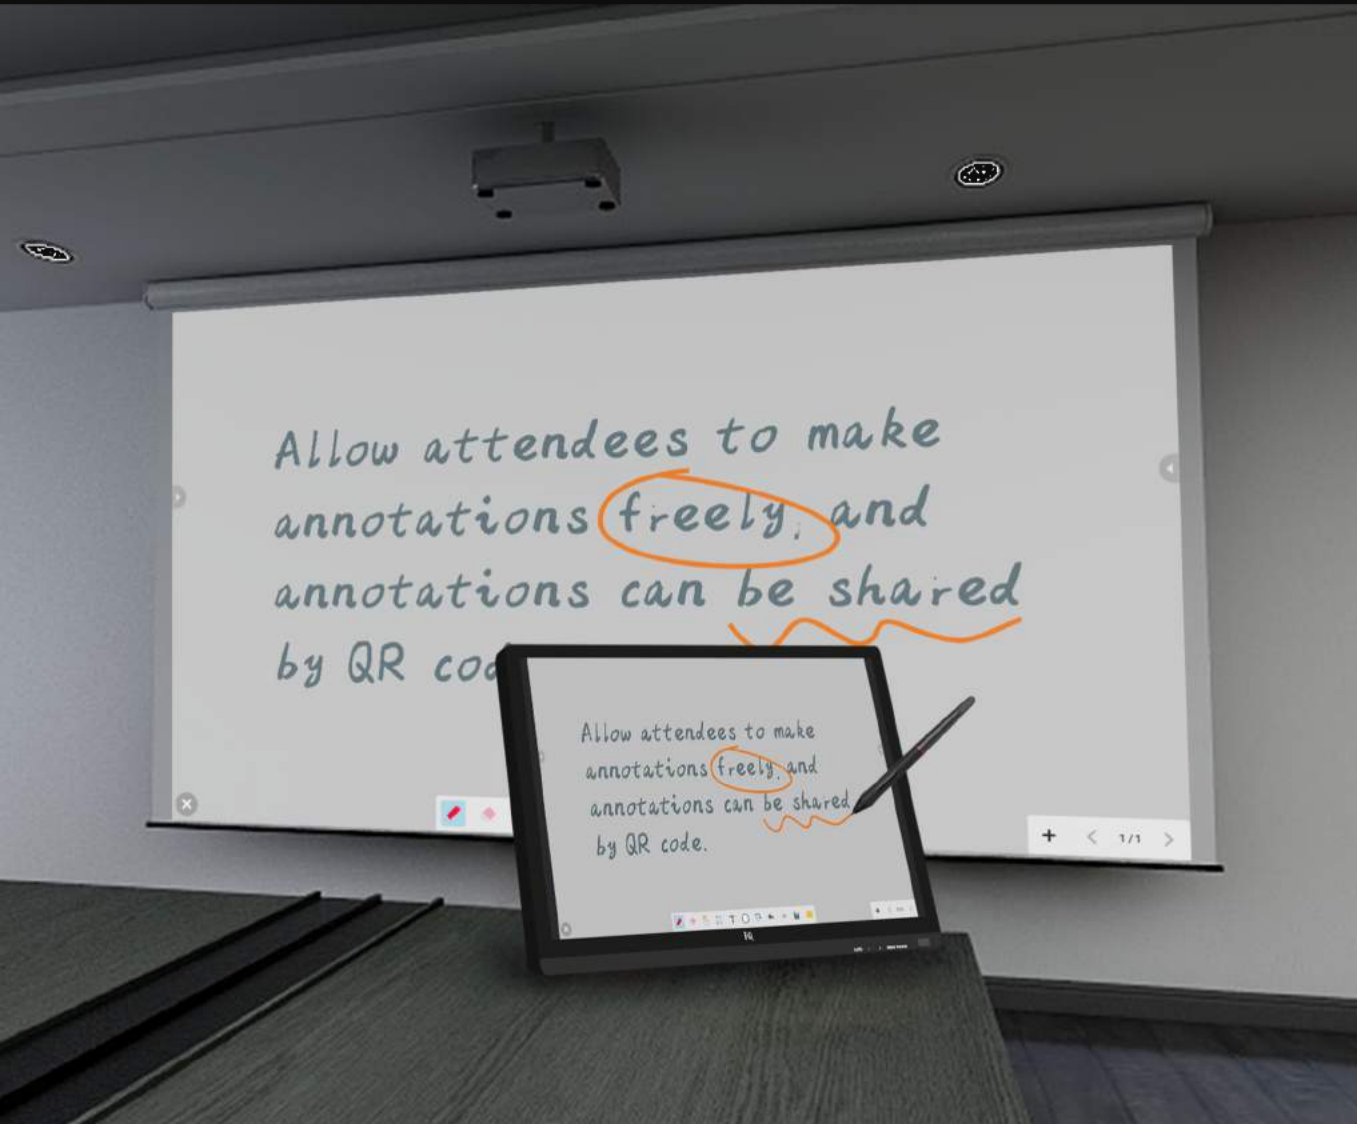

Projection screen for display and IQPodium for operation. It helps professionals, trainers, and presenters communicate more effectively.

IQPodium with Full HD resolution and adjustable stand provide uncompromised touch experience and image quality.

# IQPodium

Free operate & annotate

Presenters can use interactive pen of IQPodium to annotate content or illustrations on the powerful collaboration software while projecting to a large display.

And the display ignores a palm resting on the screen, enabling presenters to comfortably write on the IQPodium.

# BYOD

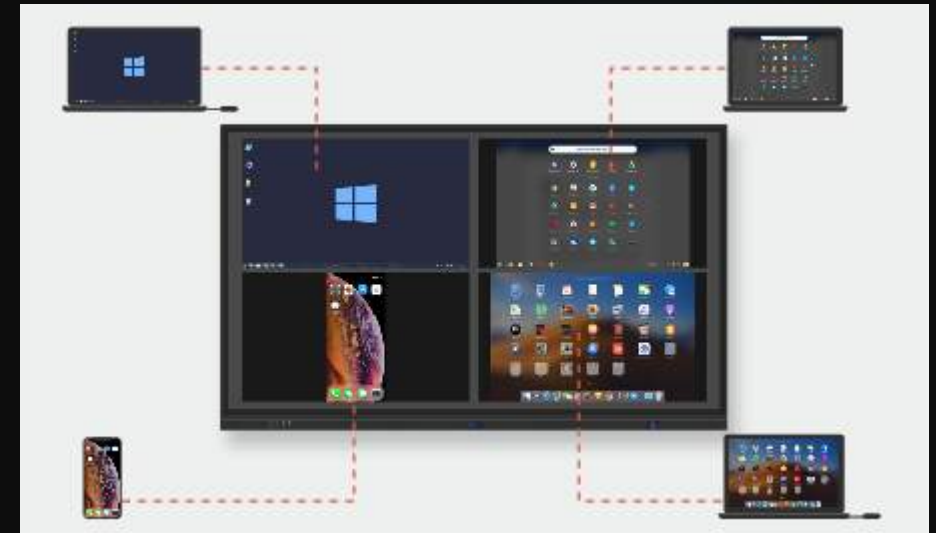

Bring your own device

## PC/Laptop

Wireless screen share with a single tap.

## Smart Phone/Tablet

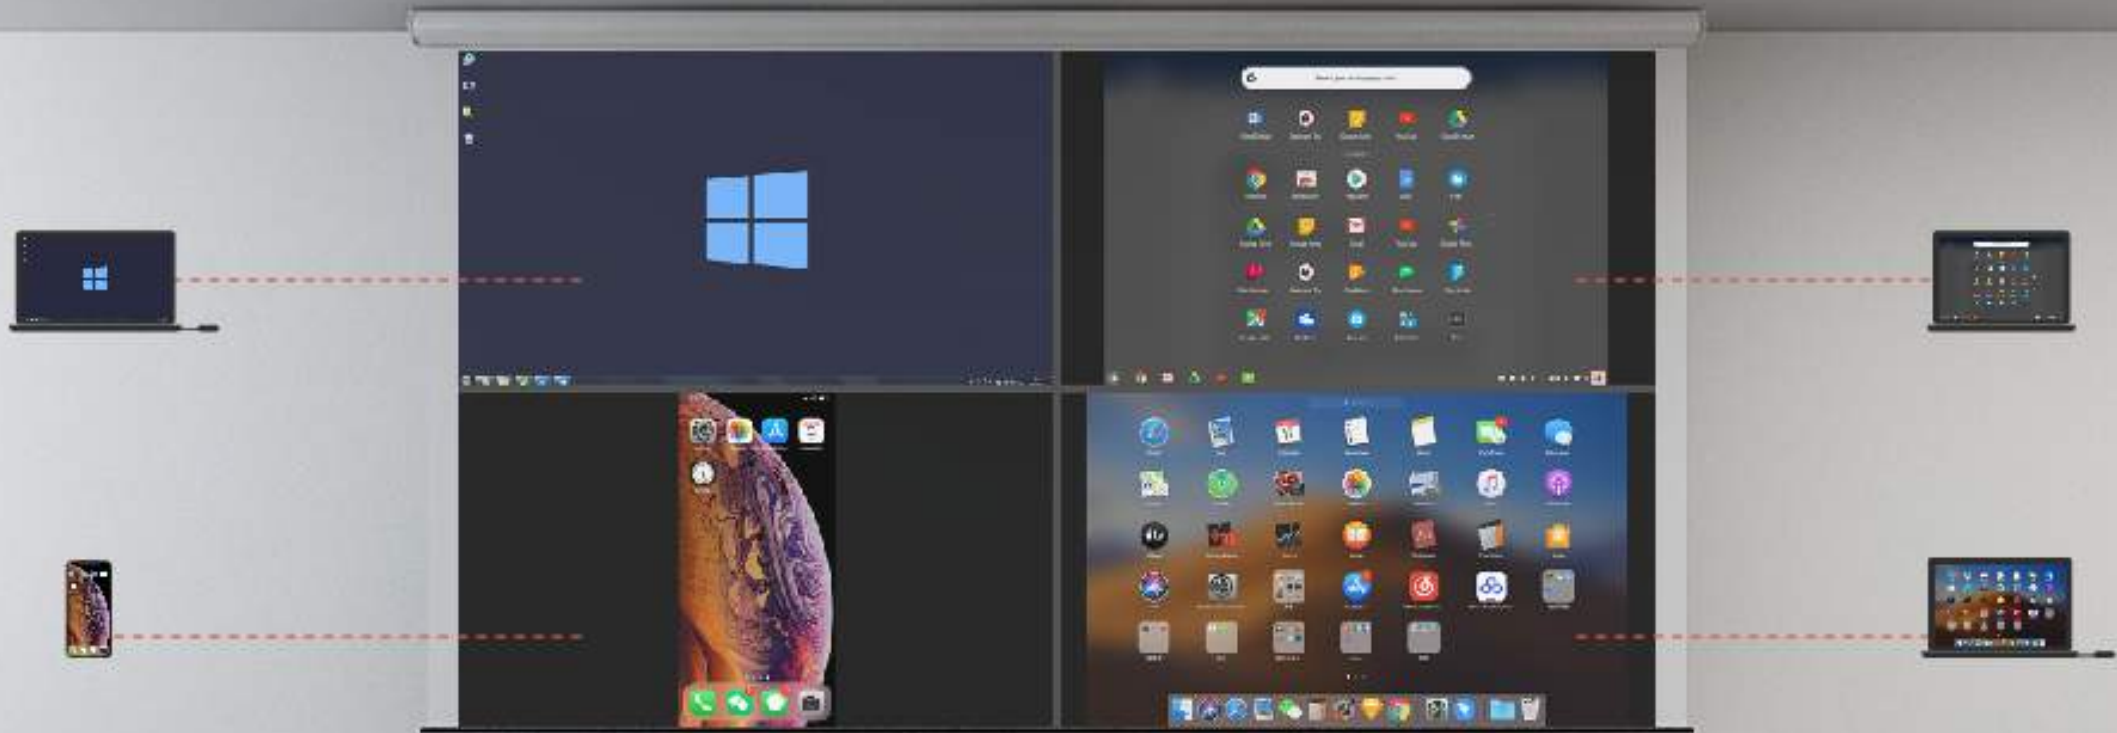

Walk around the room presenting while controlling the projection screen using your mobile devices.

Increase audience engagement and collaboration with effective, interactive presentations.

And keep meetings organized and easily communicate outcomes.

# 4-split Screen

Interact with four screens simultaneously

Support up to 8 devices connected and 4 screens displayed at a time. Improve your collaboration experience with multiple presentations running at the same time. Meetings are more collaborative when colleagues capture ideas, questions and feedback in the presentation while facing the audience.

# Moderator Mode

Manage user permissions to cast/control touch screen

Moderator Control Center

Share Screen or File: All allowor

View, Control and Wireless Annotation: All allowor

Floating Moderator Button: Always display

Eshare >

Allow or disable user devices share screen or share images/audio/videos/files to the large display.

Allow or disable user devices only view or can view and do wireless annotations or remote control the large display.

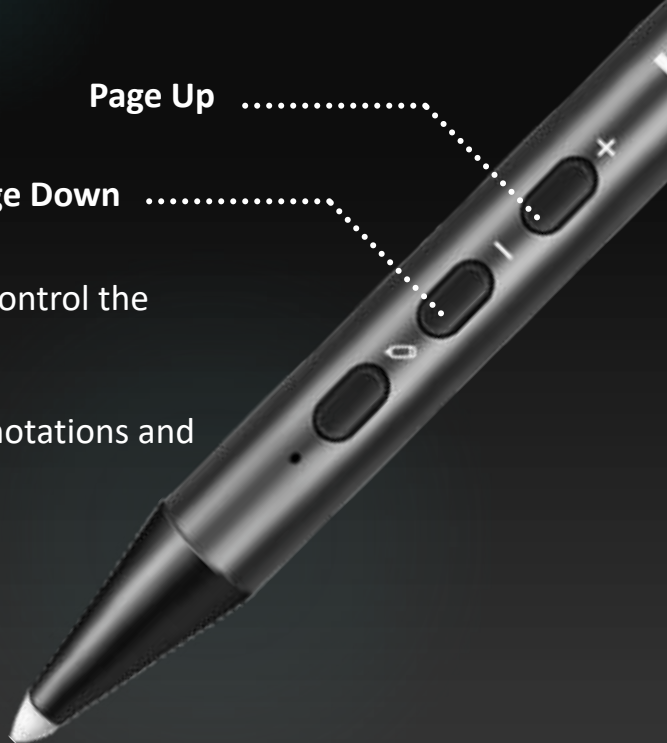

Invite user device to control the large display, start or stop sharing screen.

# IQ SmartPen

Improve efficiency

Page Up

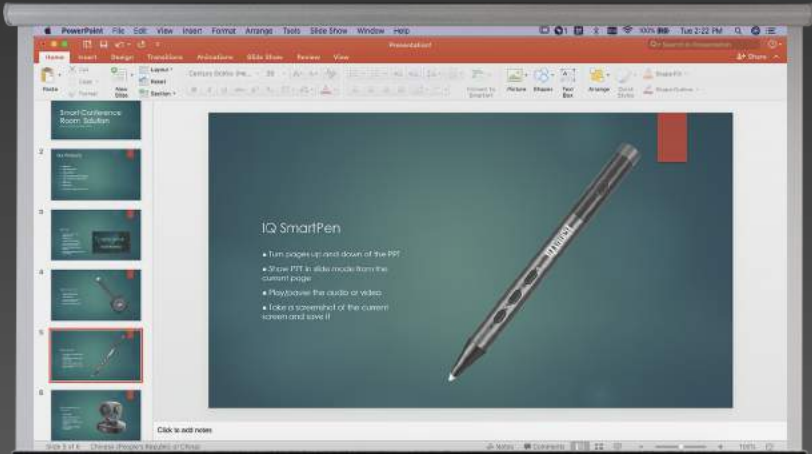

Page Down

With IQ SmartPen, attendees can control the conference documents remotely, turn pages up and down, make annotations and take a screenshot of the annotations to save.

Roam freely while presenting by using all-in-one IQ SmartPen 33ft (10 meters) away from IQTouch. Switch between three pointing modes to highlight, magnify or pinpoint focus areas.
