Mike? Just Micker!

Micker is optimized for classroom and lecture room environment and good to use for any internal and external activity of group meeting, such as academic institute, kinder garden, etc.

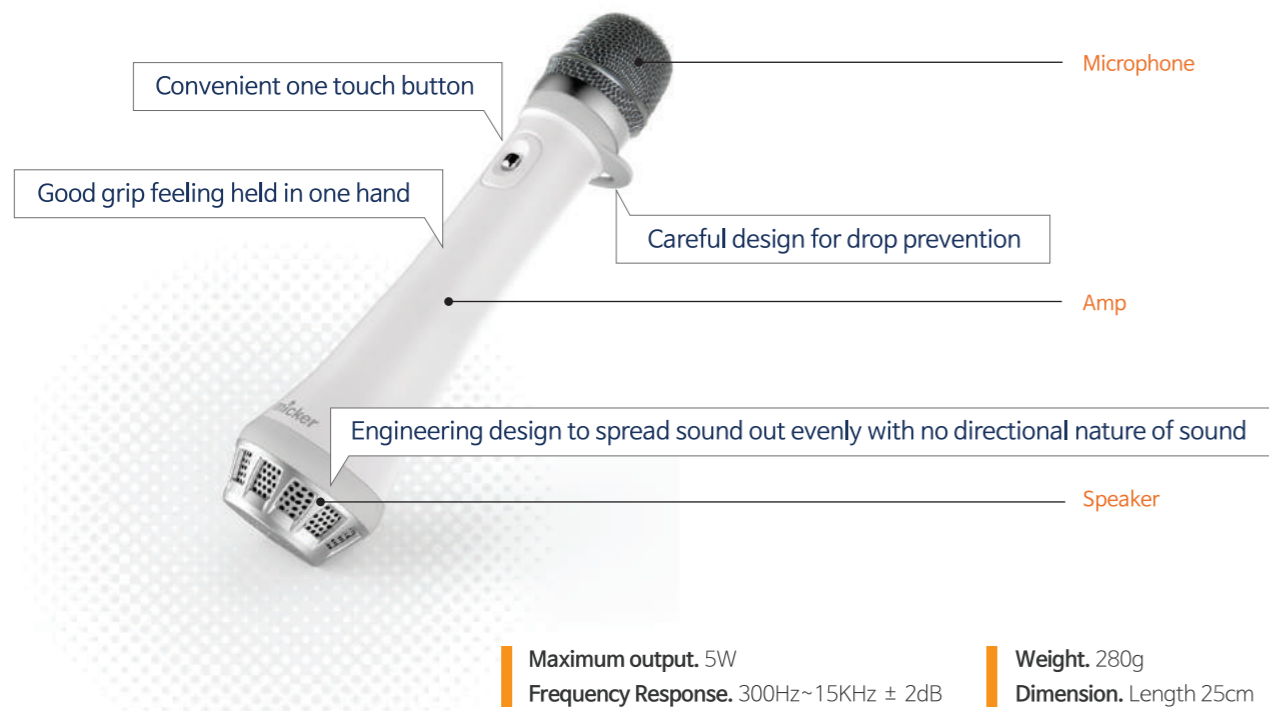

Simple Micker with no complex system

Mike and speaker all-in-one, Micker. Complementing the weakness of the existing wireless mike, Micker is convenient to carry and conveys the clear tone of voice.

No crossing problem
No complex cable
No howling

Reasonable price

Excellent quality

Good practicality

Sound quality and sound level optimized for lecture room
It conveys clean and clear tone of voice.

No directional nature of sound
Sound spreads out in whole space, naturally and effectively.

Available simultaneous use with no crossing problem in the same space
There is no crossing problem which can often occur in the wireless products and several people can use it at the same time.

Howling suppressor applied
No unpleasable noise is generated in mike and speaker and with no delay time, the sound is clear.

Good grip feeling and convenient usability with simple design
Being held in one hand, it runs with only one button control.

Ergonomic design to carry
Without any complex cable, it is convenient to carry and keep.

Protection circuit mounted lithium ion battery and power saving mode
Safe and long-lasting battery is included and with automatic power saving mode, long time use is possible.

Rigid material and excellent durability
Even if dropped, it is not damaged or easily broken for portable use.

One and only patented technology

- With sound reflector and fine diffuser, providing the robust and comfortable sound in classroom environment without any directional nature of sound
- Lecturing optimized all-in-one mike system
- Integral mike structure with howling suppressor
